Changing or Cancelling Online Booking Requests

Our new online booking system allows you to choose the available dates & accommodations that work best for you. Once you submit your request, it becomes 'pending' our review & approval before you're charged. If you have sent a request and change your mind within a day, email us at info@echolakeresort.ca, and we will change or cancel the request without any penalty.

Reservation Changes

You've made a reservation and things have changed for you unexpectedly!

Changes to a reservation, such as changing dates or removing a Campsite or Cabin, must be done with an email to us at info@echolakeresort.ca. We'll do our best to quickly address your needs, please note a \$20 administration fee applies, at the discretion of the owners.

Cabin reservation deposits are non-refundable. If a reservation is cancelled less than thirty (30) days before arrival, *any outstanding balance will become payable on the date of cancellation.*
